Dear Customer:

Please read and review the 2 enclosed documents from Land & Lakes Company and CID Processing Center (Waste Management).

As of January 1, 1987, the State of Illinois will impose a forty-five cents (45¢) per cubic yard landfill tax.

This is not an increase for disposal at the sites and this is not an increase from Sludge Removal & Sewer Service. It is a tax on all special waste received at the sites.

For billing purposes, you will see your regular bill and then the tax will be shown separately.

For all Sludge Removal's industrial generators, the tax will be based on the quantity stated on your manifest.

You can determine what your tax will be depending on the gallonage pumped from the table below:

100 gallons	=	23¢
200 gallons	=	45¢
300 gallons	=	68¢
400 gallons	=	90¢
500 gallons	=	\$1.13
600 gallons	=	1.35
750 gallons	=	1.69
1000 gallons	=	2.25
1500 gallons	=	3.38
2000 gallons	=	4.50
2500 gallons	=	5.63
3000 gallons	=	6.75

If you have any questions, please feel free to call us at any time.

Sincerely,

Sam Pianetto
